

PUREWash

Washdown hose is used in virtually every type of food and beverage processing plant. Sanitation of equipment and work areas is critical in packing houses, hot processing plants, breweries, dairies, wineries, and general industrial applications. Cleaning and purification practices require a commitment to preventative maintenance. This in turn extends the life of equipment and productivity. Devoted to developing products to support

our customers in these critical applications and to complement our food hose line, Parker has developed a new and improved PUREWash hose, replacing our existing 7079 and 7080 hose series.

Additional Features include:

- FDA compliant tube (not to be used in food contact/transfer)
- Enhanced printed layline

- Non-marking covers
- Additional blue cover in product offering for a cleaner look
- Compatible with Parkrimp crimpers or variable crimpers. Please refer to Crimpsource for specifications.

PURE PUREWash 7680

Tube	White EPDM; FDA Compliant
Temperature	-40°F / +212°F (-40°C / +100°C)
Reinforcement	Multiple textile plies
